## **AUSTRALIAN REGISTRATION LABELS**

The following lots are from a truly amazing lifetime collection of registration labels from all states and territories. The vendor, Miles Mathews, lived in country Western Australia but managed to source elusive material from all over Australia over a period of some 40 years. Each lot comprises a ring file of Hagners (8 strips to a side) on which are full pages of labels (32 to a page) in precise alphabetical order, including reds, black and blues, blues with various fonts and paper types, provisional labels, hand written, hand stamped or typed and are all different when these variations are considered. For each lot, a random list of 12 consecutive place names is shown to give an idea of how fantastically comprehensive the collection is. Numbers in brackets after a place name indicate how many different labels with that title are included. The first and last place names in the volume are shown for each lot together with the approximate number of Hagners. Although there is no write up, the scale of the collection and its organisation would certainly make it one of the best in the country and viewing is strongly recommended.

Registered covers have been kept separate from the labels and are offered as separate lots. Many of the covers are registered at small "never heard of it" post offices at various states and date back to the 1930's with a few decimals included. Viewing of these is also recommended for the enthusiast in this area of philately.

Australia Numbered blank registration labels on Hagners. 8 reds in mixed cond, 10 black & blues, early & later blues incl block of 8 & 8 singles "WESTERN AUSTRALIA", some pairs, triplets from reds, book of 480 labels (No. 1-480) of Tyrendarra East (Vic) & another book of 480 blank provisionals, book of 980 LAMBTON (NSW) with PVA gum (missing first 50, so only 930 present), block of 10 reds "Parliament House (Fed) VICTORIA", 40 different complete panes of 25 (mainly WA incl black & blue "Wilga"). Magnificent reference lot & rare opportunity to acquire large blocks & books.

	DISASTER MAIL	
1691	1857 Emeu env (minus flap) with NSW 6d QV cancelled NSW with SYDNEY SP10 1857 NSW cds on reverse. Also has on	
	the front the red LONDON DE 7 57 PAID arrival cds. Addressed to London this cover was on the "Emeu" when it sailed	
	from Sydney on 11th September 1857 for Suez, her first trip, where she should have arrived on 3rd November. However whilst in the Red Sea & only days away from her destination, she was stranded on the Guttal el Bunna, a coral reef 120	
	miles from Jeddah. She was refloated the next day & beached for repairs near Duber Dubb. The Emue's mail was	
	transferred to the P&O SS Madras & appears not to have been damaged. The mail reached Suez on the 19th over 2 weeks	
	late. It eventually arrived in London on 7th December. A fine example from this journey.	\$300
1692	<b>1859 P&amp;O Northam</b> (16th July) Register cover from Geelong to London "per Northam via Marseilles" with 1857/59	
	Emblems 1d x 2, 4d & 1/- Perf. 12 all tied by "6" barred numeral cancels with red oval London Registered datestamp at	
	base. Geelong cds on reverse & red London EC 19 SP. The P&P "Northam" ran aground on a reef in the Red Sea for 5 days & the mail was recovered but no mention of any water damage. The rate from Victoria to England was 6d per half	
	ounce via Southampton or 10d via Marseilles with a 1/- Registration fee. When originally posted this cover must have been	
	fully prepaid at 1/10d, hence the missing stamp at upper right must have been another 4d. There are some pin holes where	
	the missing 4d was once affixed. All these factors plus the water staining show that at least part of the recovered mail was	
	water affected. A splendid looking discovery of some importance. (see inside back cover)	\$1,000
1693	<b>1862 Colombo</b> Cover from the shipwreck of the P.& O. Steamer Colombo, which whilst on a voyage between Australia and	
	England, struck Minicoy Island, the most southern of the Laccadives, a group of islands in the Indian Ocean three hundred	
	miles due west of the southern tip of India. It was four o'clock in the morning of 19th November while encountering very heavy monsoon rain that the tragedy occurred. Within a short time the ship was flooded, but all the passengers were safely	
	transferred by lifeboats to the island. They were subsequently rescued by the "Ottawa" on the 30th November. 530 boxes	
	of mail were recovered by divers, mostly over the next 5 weeks, but some were under water for 2 months. Covers	
	emanating from this shipwreck are usually found in very poor condition. Many were so badly damaged that they had to be	
	put in "ambulance" covers & then forwarded to the recipient. All the mail received a boxed two line cachet "Saved from the	Ф <b>7</b> 00
1694	wreck of the Colombo" either in red or black. This cover is addressed  1862 Colombo (see story in above description) Stampless cover with boxed two line "Saved from the wreck of the	\$700
1054	Colombo" in black on reverse together with clear Stockton on Tees cds of 24 JA 63 in black while front has London 24 JA	
	63 "Paid" cds in red. Partial "Sandridge" cancel (missing part where stamps floated off in the wreck) & Sandridge "75"	
	duplex of 25 OC 62. Obviously damaged & reinforced & has been opened out for display, but scarce, especially having 2 in

1695	<b>1906 Ottersberg Train Crash</b> env with 10f red pmkd Lubeck & addressed to Cronenberg with a three line blue cachet, "Beschadigt beim Eisenbahnungluck in Ottersberg". On 30th December the Hamburg to Cologne express train crashed into	
	a goods train near Ottersberg. As a result the mail coach was set on fire however this item was recovered. A unusual cover.	\$250
1696	1917 Karmala grounding env with Ceylon 13c green KGV x 2 tied by Wennappuwa FE 20 17 cds's. The armed	4
	merchantman "Karmala" escaped from being attacked by a German submarine on 18th March 1917 off the Sicily coast but	
	the following day struck rocks near Vada, 15 miles south of Leghorn. With 15 feet of water in her hold, she went to Spezia	
	where the passengers & mail were offloaded & repairs were carried out. The mail then went by rail to London. This envelope has the boxed cachet that was applied upon arrival in London, "DAMAGED BY IMMERSION IN SEA WATER	
	I.S.". Fine & rarely seen.	\$300
1697	1917 Norwegian Explosion env addressed to London with BOSTON MASS. FEB 26 1.30PM 1917 roller cancel.	·
	Readdressed to Surrey hence additional SHEPHERDS BUSH 27 MAR 17 pmk. The 6,327 tons steamship "Norwegian"	
	was built in 1913 for the Leyland Line. On 13 March 1917 whilst returning from the US, she was sunk 4 miles south west of Seven Heads, County Cork, Ireland either by being torpedoed by a German submarine or by striking a German mine. Five	
	people were killed. The mail was salvaged & upon arrival in England, like this env, had the cachet "DAMAGED BY SEA	
	WATER" in black applied. In addition PO authorities have resealed the item with blank perforated labels.	\$150
1698	1918 Kenilworth Castle Explosion env with South Africa 1d red KGV pmkd Pietermaritzburg 6th AP 1918 hand	
	addressed to Pte FG Stephenson No. 15 Platoon "W" Company, South African Scottish British Ex Force, France. The	
	reverse has the cachet in purple, "E. Postal Section L'don NW1 Damaged by immersion in sea water" with "Rec. 9/6/18" in m/s. The mail steamer Kenilworth Castle of the Union Castle Line, sailed from Cape Town on 2nd May & was in a convoy	
	that sailed for England. At 1.10am on the morning of the 4th June, off the Eddystone lighthouse in the English Channel, she	
	was involved in a collision with an escorting destroyer. Two depth charges fell off the destroyer & exploded under her	
	causing extensive damage to the bow. 14 passengers & crew were killed & the badly damaged ship was taken into	
	Plymouth Sound & beached. The hold in which the mail was being carried was flooded but all the mail was subsequently	¢200
1699	recovered. Four different cachets are known, three in English & one in French. A lovely example of this recovered mail.  1930 SS Comorin Fire. Cover addressed to London EC4 with Brisbane slogan for FEB 21 1930, this was conveyed by the	\$300
1000	P&O Steamer SS Comorin. She left Sydney on 19th February picking up mails including this one from ports of call, finally	
	leaving Fremantle on 3rd March. A fire began as she was leaving Columbo on the 12th March in No.3 hold. It was not	
	extinguished until the 14th after the hold had been flooded (hence the missing stamp). The vessel finally reached London	
	on 3rd April where the cachet "DAMAGED BY FIRE ON S.S. COMORIN" was applied. As expected the cover shows signs of this experience!	\$150
1700	1930 SS Comorin Fire. This cover addressed to Cambridge has Adelaide slogan for FEB 27 1930 & was involved in the	ψισυ
	same disaster as above. The stamp is missing also but has the alternative boxed cachet "DAMAGED BY IMMERSION IN	
	SEA WATER I.S.". In addition the env has been resealed with part of a GB PO label. Also well worn!	\$170
1701	1930 SS Tahiti env with 1d red tied by roller cancel of Morinsville AUG 11 30. On board the ship as detailed above, this	
	was addressed to New York City with all US destined mail having a different cachet, "Salvaged from S.S. Tahiti Lost at sea" in violet. In addition San Francisco Calif. SEP 1 1903 arrival cds on reverse. Contains its original contents of an entry form	
	& address details. A lovely item.	\$300
1702	1930 SS Tahiti postcard of Whakarewarewa with matching cds on stamp on front. On 18th August 1930, whilst on route	
	from Wellington, New Zealand to Rarotonga in the Cook Islands, the British steamer "Tahiti" was abandoned at 2.28am	
	after a broken propeller had caused a gash in the hull & water flooded into the hold. The steamers, "Ventura" & "Penybryn"	
	which had come to render assistance, took on board the passengers & crew & the majority of the letter mail. Nine bags were lost as was the entire 139 bags of newspapers, packages & parcel mail when the Tahiti sank at 4.42pm the same day.	
	Of the salvaged bags, 50 were damaged by seawater. This postcard addressed to Austria had the cachet "DAMAGED BY	
	SEA WATER" (Hoggarth & Gwynn Type 5) applied in violet. Evident signs of water staining but stamp still affixed.	\$250

1703	<b>1938 Calpurnia</b> (27th Nov) Empire Airways Flying Boat Calpurnia Crash in Iraq on route to Perth from London. This badly water damaged Registered cover addressed to West Perth still has the original contents from EJ Jansen, a London stamp dealer. It is unusual in that the type A label has been affixed over the type B label (either of these were attached to all affected mail from FW Arnold Deputy Director, Posts & Telegraphs, Perth). Posted in Croyden, the Registered label is still	
	present with the original stamps. It appears the Registered items did not fare any better than the ordinary mail even though	
	they were carried in heavy duty secured bags!	\$120
1704	1946 Manawatu River Train Crash env from Wellington to Napier which has the stamp washed off but with a cancel of 19 AU 1946. The back has been resealed by the Post Office with stamp selvedges & a clear crisp strike of the violet cachet, "DAMAGED THROUGH IMMERSION IN MAMAWATU RIVER RAILWAY ACCIDENT" applied. About 4.10am on the morning of 20th August 1946 the goods train from Palmerston North to Napier plunged 60ft into the swollen Manawatu	
4705	River when struck by a landslide. Both the driver & the fireman were killed. A fine example from this incident.	\$500

Addressed to Paia, Maui, it has the violet cachet "DAMAGED BY FIRE ON SHIP HONOLULU, HAWAII JUL 28 1953". A fire broke out on board the barge YB 10 that was being towed from Honolulu to Maui & Molokai, Hawaii. On board was general cargo that included oxygen & propane cylinders, gasoline in 50 ton barrels & mail. Very little of the mail survived but that that did
