As a result of the increased number of box lots and the logistics of storing these and delivering them to the auction venue, we have had to simply list them by lot number below. We have NOT sighted the contents as they are being delivered by the respective vendors on the auction day. On the basis all box lots need to be paid for and collected on the day, we rely on the bidder to have viewed these before bidding. The conservative reserves combined with past box lots from such vendors would indicate that they are worth taking the time to peruse. Those box lots with extended descriptions have all been viewed by the describers here at Ace Stamp Auctions & thus can vouch for the contents. Thank you.

2462	USA 1934 1c Yosemite Trans-Mississippi Philatelic Exhibition Souvenir Sheet on Original Uncut Press Sheet of 20. The Post Office Department issued souvenir sheets of the 1c Yosemite stamp for the 1934 stamp show in Omaha, Nebraska. These were known as "Farley's Follies" after Postmaster General James Farley frequently bought imperforate, ungummed, printed sheets of stamps right off the press. Farley presented the first sheet off the press to FDR & frequently saved the second for his own family. Farley often presented other sheets as souvenirs or political favours to friends. He did this twenty times during his tenure. The practice angered the philatelic community & political opponents when exposed. Feeling deprived of access to these unique & invaluable sheets, critics lobbied Congress, demanding justice. To quell the mounting tension, Farley ordered all twenty sheets reprinted in a special printing without gum or perforations & offered for sale to every American who desired the sheets. The reprintings began on March 15, 1935. This example has edge wear & some creasing due to poor storage however remains highly collectable.	\$75
