AUSTRALIAN AVIATION HERITAGE

The following 23 lots were originally on display at the Royal Aero Club of NSW situated at Bankstown Aerodrome, some from the 1930's when originally donated by members to the Mascot club rooms before moving in 1948. The Royal Aero Club of NSW was formed in 1926 as a social flying club. It mainly comprised well-to-do ex-World War One pilots though gradually women were admitted. The Club was disbanded in the mid-1990's with these historical gems being consigned to a local auction house. They were subsequently purchased by the vendor who has treasured them ever since before now deciding others should also have the opportunity to appreciate them. This presents an excellent opportunity to own a piece of Australian Aviation history, rarely available to the general public.

Plate 14 1919 (12th Nov) The England to Australia flight was inspired by the Australian government offering a prize of £10,000 for the first Australians in a British aircraft to fly from Great Britain to Australia. The brothers, along with Sergeant Jim Bennett & Sergeant Wally Shiers departed from Hounslow Heath Aerodrome, England in a Vickers Vimy aeroplane, eventually landing in Darwin, Australia on 10th December 1919. Having taken less than 28 days with an actual flying time of 135 hours, the four men shared the £10,000 prize money. Keith & | \$400 |

You have now the 2 pioneers of the flight to Australia." The book contains numerous other autographs from the day, some having signed the book itself, others having written & been cut out & stuck in accordingly. | 1313 | unwatermarked paper with comb perf 14. Each with an identifying letter in red ink on the reverse comprising | |
| | "B", "C", "D" & "N". The ACSC states that "Colour Trials for the selection of the new colour of the 4d were | |
| | supplied by the stamp printer on two separate occasions, on 31st December 1920 (Nos. A-H with each | |
| | numbered in manuscript on reverse as indicated) and on 11th January 1921 (Nos. I, J and K)." The "Bulletin" of the Australian Commonwealth Collectors Club of NSW (Mar. 2015) contains an article about these proofs by | |
| | Geoff Kellow & Arthur Gray. In addition to the 14 proofs in the Gray collection, they identified a further five | |
| | examples in the Australia Post Archives and another offered at auction in 1975 that seem to complete a total | |
| | series of 10 different colours with 2 of each. In respect of the initial group, official correspondence reveals | |
| | that they were endorsed "a", "B", "C", "D" & "N", Gray lacking only an example of "a". These were requested to be in the shades of the 6d Engraved Kookaburra, a task that Harrison found impossible to complete | |
| | satisfactorily using the letterpress method. Our description of the shades is as follows, with the ACSC | |
| | colours given in brackets: "B" in brown-purple (brown), "C" in a slightly warmer shade (bright brown), "D" in | |

| 2439 | 1934 1c Yosemite Trans-Mississippi Philatelic Exhibition Souvenir Sheet on Original Uncut Press Sheet of 20. The | |
| | Post Office Department issued souvenir sheets of the 1c Yosemite stamp for the 1934 stamp show in Omaha, Nebraska. These were know as "Farley's Follies" after Postmaster General James Farley frequently bought | |
| | imperforate, ungummed, printed sheets of stamps right off the press. Farley presented the first sheet off the press to | |
| | FDR & frequently saved the second for his own family. Farley often presented other sheets as souvenirs or political | |
| | favours to friends. He did this twenty times during his tenure. The practice angered the philatelic community & political | |
| | opponents when exposed. Feeling deprived of access to these unique & invaluable sheets, critics lobbied Congress, demanding justice. To quell the mounting tension, Farley ordered all twenty sheets reprinted in a special printing | |
| | without gum or perforations & offered for sale to every American who desired the sheets. The reprintings began on | |
| | March 15, 1935. This example has edge wear & some creasing however remains highly collectable. | \$70 |
